MATIAS ROMERO

FULLSTACK
DEVELOPER

The pandemic was the trigger to decide leave my previous career of more than 10 years of experience to immerse myself in what I am passionate about: programming.

I am a sociable and fun person who has acquired great ability in problem solving.

Along my previous work experiences could

learn a lot about how to lead, guiding with the example and focused on team work. I'm a pet lover & passionatly sports fan!

SOFT SKILLS

Logical & critical thinking.
Collaboration and teamwork.
Research & analysis.
Decision making.
Prioritization & follow-thorough.
Flexibility/adaptability

EXPERIENCE

JUN 2021

FRONTEND DEVELOPER

SNAKE GAME

Classic game fully developed in JS, HTML & CSS

JUN 2021

FULLSTACK DEVELOPER

Pokemon Project at Henry Bootcamp Single Page Application based on ReactJS - Redux.

I Only use styled-components without external libraries.

For backend I use NodeJS, Express and PostgreSQL.

The project included filters, ordering and the possibility of creating a new Pokemon through a controlled form.
